Introduction

Gemstones are the shining little stones which possess the attributes like rarity, durability, color and beauty. Apart from these properties, astral gems help in enhancing the physical and mental well being of an individual. They are known to waive off all the malefic effects of the different planets, which may affect the native of a particular zodiac from time to time.

The gem stone worn by the person belonging to a particular zodiac should be set imbedded in the right metal along with the perfect ratti. More importantly, gems should always be worn on the correct finger in order to be affected. The perfect gem for the perfect zodiac can bring luck, fame and prosperity to the native.

Gemstones for the Zodiac Signs

Each zodiac sign or sun sign has a gemstone associated with it. Natives of the respective zodiac signs can please the astrology planets by using the gemstones keeping in mind his/her ruling planet. Since the influence of the ruling planets is significantly important, appeasing the ruling planet can help you achieve higher success and richer prosperity.

The positions of the planets as shown in your natal chart may necessitate other gemstones to be used. But the gemstones mentioned here should be used for general wellbeing without any specific purpose to be served. Use appropriate gemstones to appease astrology planets and say associated mantras to increase their effects. Search through the details below to find the appropriate gemstones for zodiac signs on the basis of their ruling planets.
